

CAMS Annual Users' Conference, June 11, 2002

Attendee's Evaluation

Do you feel the length of the Conference was too long / just right / too short?

<i>Key</i>	<i>Response</i>	<i>Comments</i>
4	<i>too long</i>	end by 4:00 pm shorten afternoon break
26	<i>too long</i>	for one day
60	<i>just right</i>	start earlier and end earlier
65	<i>too long</i>	Many people left after 1st breakout session
69	<i>too long</i>	Although the information was pertinent and helpful it should have been done in 2 days vs one. Getting out at 5:00 is really late to deal with rush hour traffic from DC even on a shuttle.
70	<i>just right</i>	Get the conference offsite, provide Danish in the A.M, lunch and memorabilia
80	<i>just right</i>	Just right for the 1st one. However, after more users are on board, more breakouts would be beneficial to share experiences.
81	<i>too long</i>	Should end no later than 4:00. Allows for better commute / work time after conference.
84	<i>too short</i>	for breakout session about 1.5 hours needed.
